Village Square By Edopia Online

Edopia Online is a project of **Edopia**, Pakistan's first democratic school, a school that respects children. We believe children learn best when they have control over their learning and when they feel safe.

Aligned with Edopia's vision to create learning spaces that truly belong to children, we introduce **Village Square**: an online members' club for children **aged 7-13**, providing them with the opportunity to learn together and explore disciplines that are not typically covered in traditional schools.

Village Square offers unlimited access to learning rooms across a range of disciplines through a nominal **membership subscription**.

New topics are introduced every week, allowing children to join any class during the month. Our programs offer flexibility and provide diverse learning tracks that can be accessed from the comfort of your home.

We are preparing children for a changing world, one that will soon be dominated by exchange, discourse, perspectives, and opinions- a world that will require strong and clear voices.

Invest in your child's voice today and help them become lifelong learners.

IMPORTANT NOTE

You'll see some courses are offered more than once.

Here's why:

- ★ They're popular and families love them!
- ★ We want to provide flexible scheduling.

When learners take the same course more than once, some information will be repeated but the tasks and activities will be different. In other words, each time, they'll be learning something new while reinforcing the old.

TIMINGS

Weekday learning rooms: **6-7 PM**
Saturday learning rooms: **12-1 PM**

Halaqah Ages 7-9: **7 PM**
Halaqah Ages 10-13: **8 PM**

all times are in Pakistan Standard Time (PKT)

Ethology

- Get ready to step into the fast-paced world of sports reporting.
- Learn the ins and outs of sports journalism, from researching breaking news to delivering on-air reports with confidence and flair.

PEHCHAN

Connecting to Your Roots

A shared language helps to develop a deep connection between parents and their children and a strong sense of identity. If you wish that your children connect to their roots by learning the language that you grew up speaking, join Pehchan.

1:1 Classes

Through this course, your child will receive 1:1 Urdu classes where they'd learn the basics of Urdu. Whether you want your child to converse in Urdu or to learn to read and write in the language, we have you covered. We will reach your child where they are and take it from there.

Conversation Class

If your child already knows basic Urdu and would now like to sharpen their skills further, in a non-judgmental space, they will really enjoy our low-stakes conversation classes. Our classes include story telling, short skits, news reading, recording podcasts and other fun engagements.

HALAQAH

Muslim parents face challenges like never before, and Muslim children ask questions that often remain unanswered or worse, unacknowledged. An overpowering root of the problem is the lack of access to high-quality content and excellent facilitators.

With Halaqah, we offer a space to Muslim children to reclaim Islam and make it their own.

Every month we will introduce a new theme for our thematic discussion. From gratitude to charity to lifestyle to humility to the stories from the Quran, we hope to cover it all.
